## CAREER OBJECTIVE

Looking to establish a career in the field of Information Technology, I wish to work in a growth oriented company and contribute to the development of the organization while upgrading my skill set and knowledge.

## EDUCATIONAL BACKGROUND

<b>Masters of Computer Applications</b> <ul style="list-style-type: none"><li>ABES Engineering College, Ghaziabad with 80.51%.</li></ul>	<b>2022 - 2024</b>
<b>Bachelor of Science in Computer Science</b> <ul style="list-style-type: none"><li>Vardhaman College Bijnor with 69.41%</li></ul>	<b>2019 - 2022</b>
<b>Diploma in Electronics Engineering</b> <ul style="list-style-type: none"><li>Govt. Polytechnic, Bijnor with 77.36%</li></ul>	<b>2017 - 2019</b>
<b>Senior Secondary (12th)</b> <ul style="list-style-type: none"><li>Hindu Inter College, Chandpur with 79%</li></ul>	<b>2016 - 2017</b>
<b>Secondary (10th)</b> <ul style="list-style-type: none"><li>St. Stephens High School Fazipur Chandpur with 85.33%</li></ul>	<b>2014 - 2015</b>

## SKILL

### Technical Skills

- Python
- Core Java
- SQL
- C++
- HTML,CSS, JavaScript

### Interpersonal Skills

- Quick Learner
- Teamwork
- Self Confidence
- Self Discipline

## PROJECTS

<b>Leaf Disease Detection</b>	<b>Feb 2024 - May 2024</b>
Developed an advanced leaf disease detection system using state-of-the-art machine learning techniques. The system employed transfer learning with VGG16, ResNet50, and InceptionV3 models to create a highly accurate ensemble model for disease prediction. A user-friendly interface was designed and deployed using Django, enabling users to easily interact with the system. The solution not only predicts disease types but also provides practical recommendations for treatment.	

<b>Typing Test Program</b>	<b>Aug 2023 -Sep 2023</b>
Developed a Python program to evaluate typing performance by measuring accuracy, speed, and errors. Implemented various functions to calculate typing speed, errors, and elapsed time. The program provides comprehensive user feedback, including total time taken, average speed, and error count, helping users to identify areas for improvement.	

## CERTIFICATIONS

- Database Foundation Certification from Oracle on 2 Feb 2023.
- Python Essential Certification from Cisco on 18 March 2023.
- Programming Essentials in C++ from Cisco on 13 May 2023.
- Java Foundation Certification from Oracle on 30 June 2023.

## ACHIEVEMENTS

- 5 Star in HackerRank in Python
- 5 Star in HackerRank in SQL
- 4 Star in HackerRank in Java
